5,000 GALLON TANK

FOR CITY AND TOWN

Better arrangements for the use of
tanks on the streets by the town and city
are secured by the erection of an 5,000
gallon steel tank on the strip of
land between Central avenue and North
Main street. The tank is set up about
opposite the end of Fremont street,
where the location is such that it can be
filled and emptied by gravity flow.
When the big tank cars of tarvia arrive
by railroad they can be run on the trolley
tracks to a point on Central avenue
opposite the tank, where they can be
emptied by a pipe line to the tank, which
is considerably below street level.
When the city carts want to take tarvia
from the tank they come to it on the
North Main street side, where again a
pipe line will provide a flow of oil into
the carts.

The tank will be used jointly by the
city and town. Before it was erected
there was no place in which the tarvia
could be held after it arrived here, so
that the street department had to fill
their distributing wagons directly from the
car and empty it as soon as possible.
This often compelled the department to
lay tarvia when the weather really was
unsuitable, but the tank car had to be
emptied. Now it will be possible to re-
ceive a whole car at once, discharge it
into the tank and use the tarvia when the
department wants to use it.

Apriol pits are being used for road
building. When well worked in they are
used to make a smooth hard surface which
does not get muddy. A valuable acid is
derived from the meat in the pits.

REQUISITION MADE FOR
GUNS FOR BATTERY B

The artillery for Battery B, C. A. C.,
C. N. G., has been requisitioned and is
expected to arrive in Norwich within a
short time. When the 155 guns, trucks,
motorcycles, etc., arrive a part of the
equipment will be kept at the armory
and the remainder will be sent to Niantic
for storage until the army can be
properly equipped to take care of it.

The battery is expected to arrive in Nor-
wich at the Monday morning evening. Sev-
eral more recruits were signed up. There
is still room for about a score of recruits.
Plans are under way to organize a baseball
team and the company officers are de-
voted to securing a number of baseball
players as recruits.

The battery is also making plans for a
mardi gras and dance night after Easter.

BIG MONEY DAY IN POLICE COURT

The police court Monday morning had
its largest list of cases in some time to
come before Judge H. H. Pettis who pre-
sided. Fines that with the costs made a
total of \$148 were imposed in the various
cases, but appeals were taken in 120
cases where the fines were \$100 each
with \$50 costs. Nine men paid their
fines and costs on charges of breach of
the peace or intoxication and two went
to jail because they could not pay.

Probable cause was found in the cases
of James McCall, a barber, and Thomas
McCall, a mechanic, accused of making
out the Bath street saloon of James
O'Connell Saturday night and stealing
cigars and cigarettes. They were bound
over to the superior court, with bail of
each placed at \$500, in default of which
they went to jail.

St. Paul was fined \$10 and costs, a to-
tal for each of \$115.00, one was fined \$3
and costs, another \$5 and costs, and two

\$10 and costs.

Walter Wudka, alleged proprietor of the
so-called Patsy's Cafe on Thames street
near Thames square, was sentenced to
30 days in jail and was fined \$100
and costs on the charge of violation of
the liquor law. He took an appeal.

Joseph Cooper, proprietor of the grocery
store at 83 Thames street, where James
McCall was seized, was fined \$100
and costs on a liquor violation charge.
He also took an appeal.

The cases against John Naparowski
and Joseph Ostrowski accused of keeping
a disorderly place at 494 North Main
street, where two men were arrested on
drunkenness Sunday, were continued for
a day.

Yankowski, a 15 year old boy,
was before the court on a theft charge in
having stolen cigarettes and other articles
of the value of \$100. He was fined \$10
and costs, with bail of \$100. He was
put on probation until May 1st.

LESS GOVERNMENT CONTROL
SAYS U. S. CHAMBER

The ninth annual meeting of the
chamber of commerce of the United
States, to be held at Atlantic City April
21 to 25, will feature a regular session
of the public interest—less government man-
agement in business. This announcement
is made by William L. Garrison, presi-
dent of the Hartford Chamber of Commerce.
The chamber has been invited to send dele-
gates to the convention. All questions will
be approached as they relate to the gen-
eral subject. Speakers will include gov-
ernment officials and leading men in
many lines of finance, commerce and in-
dustry. Groups representing the major
divisions of business will take up, first,
problems peculiar to the industries or in-
terests within the group, and second,
the general problems of the nation which
will include the question of the tariff
and that of taxation.

Treatment of wages, contract cancella-
tions, foreign trade, and the need of national statistics on produc-
tion will be taken up by the group rep-
resenting fabricated production. This fin-
ished group will discuss the question of
connected with the government's fiscal
policy, taxation, including the proposed
turnover tax, reorganization of govern-
ment operations, and the question of the
government's future policy with respect
to redemptive action.

The group on foreign commerce will
discuss foreign trade matters, including
in its program such subjects as these:
Work of national foreign trade, conven-
tion, foreign trade work of national
trade bodies, foreign trade work of
chambers of commerce, foreign trade
work of banks, railroads and express
companies, and the operations of foreign
trade clubs. The group will discuss the
opportunity for an interchange of in-
formation as to the most approved meth-
ods of extending and prosecuting foreign
trade efforts, and the question of the
group a meeting will be held for foreign
trade organization secretaries.

The group on other things, private initiative
against state monopoly in insurance; in-
surance as a credit factor and the re-
lations between government and insur-
ance.

Recent agitation in congress looking
to the enactment of legislation which would
provide for government ownership of
natural resources will furnish the subject
for discussion in the natural resources
production group, where the main sub-
ject will be the government's ownership
of natural resources, including lumber, coal
and oil. Another subject is the proper
activities of trade associations.

Transportation matters, and communication
will be considered under two groups, the
first having to do with shipping, and the
second, railroad transportation. The
subject to be taken up by the shipping
group is the continuance of the shipping
board and its functions as an operating
organization in the shipping industry, and
operation under various flags. The rail-
road transportation group will go into a
report by the chamber's railroad com-
mittee, the proposed reorganization of
the railroads in relation to plans for
consolidation, and the shippers' part in
rate making.
